Princeton Professor Has Been Elected to New York

ROOSEVELT WRITES LETTER

Grover Cleveland Tells of the Uses of Colleges

New York, Sept. 29.-Dr. John Hunston Finley, who left the faculty of Princeton to accept the presidency of the Colloge of the City of New York, was today installed in that office, a notable gathering of college presidents and other men of ninence participating in the installation ceremony. Seventy universities and colleges were represented and Governor Odell, Senator Depew, Grover Cleveland and Preidents Handley of Yale, Schurman of Cornell and Butler of Columbia delivered addresses.

A letter of congratulation was received from President Roosevelt. It was in part

"My Dear President Finley: You are now called to preside over an educathe public school system of the greatest existence shows how definite has been the decision of our people thhat the state should ald, not only in elementary but in higher education. Nothing is more distinctive of our American republic than the peculiar fostering care which, through their representatives, the people have assumed over the education of all the citizens in primary matters and of all those who care to go beyond primary matters in those additional branches nec essary as prerequisites for the attain-

college, the university, which do most to determine the efficiency of the individual as a citizen in this great selfverning republic of ours, and therefore those who are to shape our citizenship of the future put the nation in a special free at once. sense under obligations to them."

Senator Depew spoke and was followed by Presidents Arthur T. Hadley of Yale, Nicholas Murray Butler of Columbia, Jacob G. Schurman of Cornell and Ita Remsen of John Hopkins, in brief congratulatory addresses. Grover Cleve land then spoke, making special reference to the importance and value of free

President Finley's inaugural address dwelt on the importance of locating col-

I cannot rid myself at this moment of the thought that education is a selfish, seless thing if it is to be hid in a napkin or if it is to be hugged to the breast by its possessor as a mere individual prize and it seems to me that the existof ours can scarcely be deemed important except as they are the sources from which education may be distributed through many channels, for the enrichment of the body politic and the stimulation of patriotic thoughtfulness among

vice of usefulness which embellishes the Jork and we see for its future vastly nereased facilities and opportunities, but that the advanced education it imparts is freely bestowed upon rich and poor

"If we have outgrown the simplicity of our early national life; if with the growth of abnormal enterprises and a discover a movement toward a more general collegiate education, we ought

triotic citizen that American education may never be so degraded; that it may conditions; that higher education as it becomes more accessible and widespread may reinforce the firmness of our nabear the increased weight of our country's healthful development and that in American citizenship."

INSTALLS FINLEY An Electric

Send Your Application At Once To The Physician's Institute.

d You Absolutely Free One of Their 100 Guage Supreme Electric Belts, the Belt Which Has Made so Many Wonder ful Cures—You Needn TS end Even a Postage Stamp, Just Your Name and Address.

Beven years ago the State of Hilmols granted to the Physicians' Institute of Chicago a charter. There was need of something above the ordinary method of treatment for chronic diseases, something more than any one specialist or any number of specialists acting independently could do, so the State Haeft, under the powers granted if by its general laws, gave the power to the Physicians' Institute to furnish to the sick such help as would make them well and strong. Ever since its establishment this Institute has endeavored in every possible way to carry out the original purposes of its establishment under the beneficient laws of the State.

Three years ago, the Physicians' Institute, realizing the value of clottyleigh in the treatment of certain phases of disease, created under the superintendence of its staff of specialists an electric belt, and this belt has been proved to be of great value as a curative agent. From time to time it has been improved until it reached that stage of perfection which warranted its present name of "Supreme."

This belt is the most effective of all agents in the cure of rheumatism, lumbago, lume back, nervous exhaustion, weakened or lost vital functions, varioscele, kilmey disorders and many othes complaints.

This "Supreme Electric Belt" is made in one

complaints.

This "Supreme Electric Belt" is made in one grade only—100 guage—there is no better electric belt made and no better belt can be made whenever in the opinion of our stail of special ists the wonderful curative and revitalizing forces of electricity will cure you we send you tree of all cost, one of these Supreme Electric Belts. It is not sent on trial, it is yours to keep forever without the shawment of one cent.
